

HVAC Technician In-Person Seminars

PRESENTED BY US AIR CONDITIONING DISTRIBUTORS

Commercial Startup, Commissioning, Retrofit SSE Boards, Basic Troubleshooting Using The New CW and BAS Card Bluetooth Interface

This class will cover the changes to the commercial units with the A2L refrigerant, tips and tricks on startup and commissioning as well as retro fitting the new SSE boards to the older commercial units. Most common errors and how to recognize them will be covered with the new bluetooth interface options for your phone or tablet, how to connect and use them. This class is for new and existing service technicians in addition to installers wanting to move into service. **This class will have hands on training.** Matthew Getz is your instructor and class hours are 5:30-9:00 pm. NATE approved 3 CEH's, course #8555-0016. CEH's apply to ACIN, ADIN, HPIN, GSIN, OLIN, HGIN, HOIN, ACSV, ADSV, HPSV, GSSV, OLSV, HGSV, HOSV.

02/06/26 Tucson

Residential Equipment With Hands On Training

The class will cover the functions of a split air conditioning system with a gas furnace and an air handler. Discussion will be on what are the tools needed, proper way to use a multimeter, understanding how multimeter functions, how to measure pulse width modulation and ECM motor readings, how to use a manometer to take and adjust gas pressure reading, static pressure readings and what the readings mean in servicing a HVAC system. This class is for service technicians, installers wanting to move into service, service managers, and owners. Instructor is Matthew Getz and class hours are 5:30-9:00 pm. NATE approved 3 CEH's, course #8555-0013. CEH's apply to ACIN, ADIN, HPIN, GSIN, OLIN, HGIN, HOIN, ACSV, ADSV, HPSV, GSSV, OLSV, HGSV, HOSV.

Residential System Design, Ducting Design, And Zoning

This class will cover the proper way to size a residential system whether you are using a split gas electric, heat pump system or package unit. We will go into whether you should replace the ducting with new or leave the existing ductwork, use zoning, what to look for when retrofitting an old furnace only or split system. We will cover the most common mistakes that need to be avoided and how to meet the energy codes. This class is good for owners, sales personnel, installers, service managers and technicians. Instructor will be Matt Getz and class hours are 5:30-9:00 pm. NATE approved 3 CEH's, course #8555-0013. CEH's apply to ACIN, ADIN, HPIN, GSIN, OLIN, HGIN, HOIN, ACSV, ADSV, HPSV, GSSV, OLSV, HGSV, HOSV.
